Chullin 55 – Good Morning Raboisai

1️⃣ שיעור נקב בקנה – Size of Hole in Trachea

Gemara:

👉 If hole is:

- Less than **שיעור (coin size)** → כשר
- Greater than טריפה ⟶ שיעור

📌 Question

👉 What about:

- Exactly the size (שיעור itself)?

📌 רב נחמן

👉 Rules:

- **עד ולא עד בכלל**

👉 Meaning:

- "Up to" does NOT include the boundary

👉 Therefore:

- Exact שיעור → already טריפה

2️⃣ כלל בשיעורים

👉 כלל:

- Always follow **חומרא**

📌 If boundary unclear

👉 Decide based on:

- Which direction is stricter

👉 If higher is stricter → include
👉 If lower is stricter → include

3️⃣ New Sugya – טחול (Spleen)

👉 Mishnah:

- If spleen removed → כשר

📌 חילוק

👉 If:

- Completely removed → כשר
- Hole טריפה ⟶ (נקב)

4️⃣ Partial Removal

👉 If a piece is cut off

📌 צדדים

- Like hole → טריפה
- Like removal → כשר

📌 מסקנה

👉 Depends:

- Large removal → like full removal → כשר
- Small טריפה ⟶ נקב

5️⃣ כליות (Kidneys)

👉 If removed:

- כשר

👉 If diseased:

- טריפה

📌 **Condition**

👉 Disease in:

- Critical internal area

6️⃣ **Difference – Lung vs Kidney**

👉 Rule suggested:

- Anything פסול in lung → כשר in kidney

❗ **Rejected**

👉 Cannot compare organs

📌 **יסוד**

👉 Each organ has:

- Its own halachos

7️⃣ **Liquids in Organs**

👉 Clear fluid:

- כשר

👉 Cloudy / foul:

- טריפה

👉 Even clear but with smell:

- טריפה

8️⃣ Shrinking Kidney

👉 If kidney shrinks:

📌 **שיעור**

- Small animal → very small size
- Large animal → larger שיעור

👉 Too small → טריפה

9️⃣ רחם (Womb) Removed

👉 If womb removed:

- כשר

🔟 Lung Shrivelling (Fear Case)

👉 Lung shrinks due to:

- פחד

📌 **מחלוקת**

- **בידי שמים**→ כשר
- **בידי אדם / animals** → טריפה

📌 **How to test**

👉 Place lung in water for 24h:

- Summer → cold water
- Winter → warm water

👉 If returns to normal:

- כשר

👉 If not:

- טריפה

1️⃣1️⃣ Gluda – Skin Removed

👉 Animal without skin

📌 **מחלוקת**

- Initially → כשר
- Final → טריפה

1️⃣2️⃣ Exception – Small Skin Left

👉 If skin remains:

- Size of **סלע**

👉 Then:

- כשר

1️⃣3️⃣ Where Must Skin Be

👉 מחלוקת:

- Along spine
- At joints
- Around navel

📌 **Cases**

👉 Missing only spine skin
👉 Missing only joints
👉 Missing navel

👉 All remain:

- תיקו

1️⃣ 4️⃣ Final יסוד

- חומרא follow שיעורים
- Exact boundary often included in stricter side
- Organs differ in halacha
- Spleen: hole worse than removal
- Kidneys: disease critical
- Fear damage requires testing
- Skin loss depends on remaining coverage

🔑 **Key Takeaways (English)**

- Exact measurement thresholds are usually treated strictly
- A hole in the spleen is worse than removing it completely
- Organs cannot be compared — each has its own halachos
- Clear vs cloudy fluid is an important indicator
- Shrinking organs can be tested to determine cause
- Fear-induced damage may still be reversible and kosher
- An animal without skin is usually treifa unless enough skin remains
- Some cases remain unresolved (teiku)
