Chullin 77 – Good Morning Raboisai

1️⃣ Broken Bone – Core דין

Gemara:

👉 If a bone breaks:

- Depends on **רוב בשר (majority of flesh)**

📌 דין

👉 If רוב flesh remains:

- Animal is kosher

👉 If not:

- Animal is טריפה

2️⃣ Above vs Below Joint

👉 Above the joint:

- If no רוב flesh → whole animal טריפה

👉 Below the joint:

- Limb forbidden
- Animal remains kosher

3️⃣ מחלוקת רב ושמואל

👉 **Rav**:

- Distinguishes above vs below

👉 **Shmuel**:

- Same rule both cases

📌 סוף מסקנה

👉 Ultimately:

- Above joint → more severe

4️⃣ ניפול (Retroactive Detachment)

👉 Concept:

- Limb treated as if already detached

📌 Result

👉 Can become like:

- אבר מן החי

5️⃣ Shechita Effect

👉 Question:

- Does שחיטה fix it?

📌 יסוד

👉 שחיטה can remove טומאה

👉 But status depends on limb

6️⃣ How Much Flesh is Needed?

👉 Must have:

- Majority covering

👉 Two ways:

- Around the bone (circumference)
- Thickness (depth)

📌 **מסקנה**

👉 Need BOTH:

- Majority coverage + thickness

7️⃣ **Skin vs Flesh**

👉 Skin alone:

- Can sometimes count

👉 But:

- Not always enough

8️⃣ **Tendons (גידים)**

👉 Question:

- Can tendons replace flesh?

📌 **מסקנה**

👉 No

👉 Because:

- Not considered edible like flesh

9️⃣ **Practical Cases**

👉 Pieces of flesh:

- Can they combine? → ספק

👉 Thin or decaying flesh:

- May not count

👉 Flesh not attached:

- Problematic

🔟 Special Case

👉 Circular missing flesh:

- May not heal

👉 Solution:

- Test regrowth

1️⃣1️⃣ Placenta (שיליא)

👉 Normally:

- Not considered food

👉 If person intends to eat:

- Becomes food

1️⃣2️⃣ Partial יציאה

👉 If placenta partially exits:

- אסור

👉 Concern:

- Fetus inside

1️⃣3️⃣ Final יסוד

- Broken bone depends on majority flesh
- Above joint more severe than below
- Must measure coverage and thickness
- Skin may help, tendons do not

- Not all flesh counts (must be healthy and attached)
- Some cases remain unresolved
- Intent can define food status

🔑 **Key Takeaways (English)**

- A broken bone only makes the animal treif if most flesh is missing
- Above the joint is stricter than below
- Both thickness and coverage of flesh are required
- Skin may sometimes count, but tendons do not
- Damaged or detached flesh may not qualify
- Some cases are uncertain and need further evaluation
- A placenta is not food unless intended to be eaten
- The daf focuses on how physical condition defines halacha
