Menachos 104 – Good Morning Raboisai

1️⃣ Maximum of 60 Isaron

- A Mincha cannot exceed **60 Isaron**

👉 Reason:

- Beyond that → cannot be properly mixed

2️⃣ Fundamental Rule – Mixing

- **If it is fit to be mixed** → mixing is not required
- **If it is not fit to be mixed** → mixing is essential

👉 Therefore:

- 60 → valid
- 61 → invalid

3️⃣ Blood Tumah Case

- A mule died → Chachamim ruled its blood is tamei

Question:

- Why didn't people avoid large amounts of blood in practice?

4️⃣ Levels of Poverty (Distraction Concept)

- Yearly support → lower stress
- Weekly → more stress
- Daily → extreme stress

👉 Lesson:

- Constant worry affects clarity and focus

5️⃣ Source of Tumah Ruling

- Psak followed a **stringent view**

👉 Based on:

- Blood that can congeal to a kezayis → tamei

6️⃣ Wine Measurements (Nesachim)

Standard amounts:

- Sheep → 3 lug
- Ram → 4 lug
- Cow → 6 lug

7️⃣ Valid Donation Amounts

- Valid: 3, 4, 6
- Also valid: combinations above

Examples:

- 7 = 3 + 4
- 8 = 4 + 4
- 10 = 6 + 4
- 11 = 4 + 4 + 3

👉 Invalid:

- 1, 2, 5

8️⃣ Key Question – Splitting

- Can amounts be split between keilim?

👉 Two possibilities:

- Can divide → use valid parts
- Cannot divide → must wait to complete valid amount

9️⃣ Proof Attempt – Shofaros

- Extra funds placed in collection boxes

👉 Question:

- Why no separate box for leftover wine?

Answer:

- Wine easily combines with other needs

🔟 **Donation of Nesachim**

- One may donate wine independently

👉 Source:

- "Ezrach" → includes voluntary Nesachim

1️⃣1️⃣ **Challenge from Mishnah**

- Mishnah says:
    - Cannot donate 1, 2, or 5

👉 Suggests:

- Certain amounts inherently invalid

1️⃣2️⃣ **Resolution**

- Possibly:
    - 5 can be partially used
    - Or fully invalid depending on approach

1️⃣3️⃣ **Further Limitation**

- If amounts cannot be divided:

👉 Must wait until reaching valid combination

1️⃣4️⃣ **Oil vs Wine**

- **Rabbi Akiva**:
    - Wine can be donated alone
    - Oil cannot
- **Rabbi Tarfon**:
    - Oil can also be donated

1️⃣5️⃣ Reason for Difference

- Wine:
    - Poured separately (Shitin system)
- Oil:
    - Always mixed with Mincha

👉 Therefore:

- Oil is less independent

1️⃣6️⃣ Partnership Rule

- Two people **cannot share a Mincha**

👉 Reason:

- Pasuk says **“Nefesh”** (singular)

1️⃣7️⃣ Exception

- Other Korbanos:
    - Can be brought in partnership

1️⃣8️⃣ Meaning of “Nefesh”

- Mincha is brought by the **poor**

👉 Hashem says:

- It is as if he brought his **soul**

1️⃣9️⃣ Five Types of Mincha

- Multiple forms (Machvas, Marcheshes, etc.)

👉 Message:

- Even with limited means, one can give in different ways

🔑 Key Takeaways

- 60 Isaron is the absolute maximum for Mincha
- “Fit for mixing” determines validity
- Exact measurements are critical in halacha
- Valid Nesachim amounts follow specific patterns
- Wine can stand alone; oil generally cannot
- Mincha is uniquely personal — not shared
- A poor person’s offering is considered like giving his very self
